

# Paramedic Association of Canada Group Insurance Plan

The Paramedic Association of Canada (PAC) is proud to offer Term Life, Critical Illness, and Accidental Death & Dismemberment Insurance to all eligible members. The program offers you the flexibility to choose the insurance coverage that meets your individual needs and the ability to adjust your insurance coverage should your personal situation change.

## Critical Illness Insurance

Financial insecurity is the last thing you or your family should have to worry about in the event of a life altering illness. Critical Illness Insurance is designed to give you some extra resources at a time when you need to focus on your health, by providing a tax-free cash payment you can spend anyway you choose. For one low monthly premium you are covered for 25 illnesses including heart attack, cancer and stroke. Pay off bills or your mortgage, or take that family trip you've always dreamed about.

Plus members insured for coverage can also cover their dependent children. Children will be protected for the same 25 adult illnesses plus an additional 6 child-specific conditions.

Coverage is available to both you and your spouse, up to \$300,000 each and up to \$10,000 for dependent children.

## Term Life Insurance

You work hard to provide a better life for yourself and those you care about. But what if something should happen to you? Would your family have the financial security to carry on? Could they cover the mortgage or rent, education costs, everyday living expenses or the cost of childcare? This plan ensures your loved ones will be cared for financially, you can have peace of mind, knowing that those who are following in your footsteps will be protected.

Coverage is available for both you and your spouse, up to \$500,000 each.

## Accidental Death & Dismemberment

Insurance itself cannot prevent serious accidents, but it can protect you and your family against any financial hardships resulting from an accidental death or life-changing injury.

There are many expenses associated with a permanent disability that are not covered by health insurance. Home renovations, special equipment or transportation requirements, or even retraining are often necessary. Benefits from accident insurance mean that your full and productive life can continue, even after a serious injury. And, with low premium rates that do not increase as you age, you can have this extra protection for only pennies a day.

Two plans available, Member Only or Member and Family, with up to \$500,000 of coverage available for the member.
